

THE MOVING SONG

G
Now it's time for you to lay on roses.
G
And for me it's time to lay on roses too.
G
This is your time.
G
And my time too.

G
Now it's time for us to walk together.
G
And I hope that's what you want to do.
G
It's time to move.
G
And move we do.

G
Now at last the time has come to go forever.
G
What I don't know is that what you would do too.
G
We're moving on.
G
We're moving on.
